1.1 Fact Finder Notes

Your mission is to help save the elephants. You will do this by writing a persuasive letter to Congress. You'll try to persuade or convince Congress to use money for elephant conservation.

Your mission is to collect information that will help you with your final project. Every time you watch a video, read a text, or do an activity, you should write down new information that you think will help you with your project.

Here are some questions to think about. Anytime you learn new information about one of these questions, write it down.

What makes elephants special as a species and where do they live?

1.3 Why Save Elephants?

Directions: Now it's time to think about why we should save the elephants. Think about these three questions. Write your answers below or discuss with a partner.

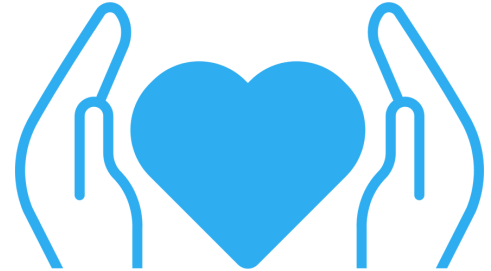

**Should we try to protect an animal
that lives on another continent?
Why?**

**What do you want to learn more about so
you know why elephants should be
protected?**

2.1 What is Empathy?

◦ "Empathy is
seeing with the eyes of another,
listening with the ears of another,
and feeling
with the heart of another."

- Alfred Adler

Directions: Reflect on Alfred Adler's quote. Think about these three questions. Write your thoughts in the boxes below.

What does it mean to "see with the eyes of another" or "feel with the heart of another?"

How would you describe the meaning in your own words?

3.1 Elephant Words

Directions: Pick three words you think will be hardest to remember. Draw a picture for each word, label your picture with the word, then use that word in a sentence. **Bonus points** if you can use the word bee, continent, or family in one of your sentences. Just for fun.

3.2 Three Species of Elephant

Directions: Complete the chart below to help you remember the three species of elephant.

Name

Size

Features

Life
Span

Habitat

Population

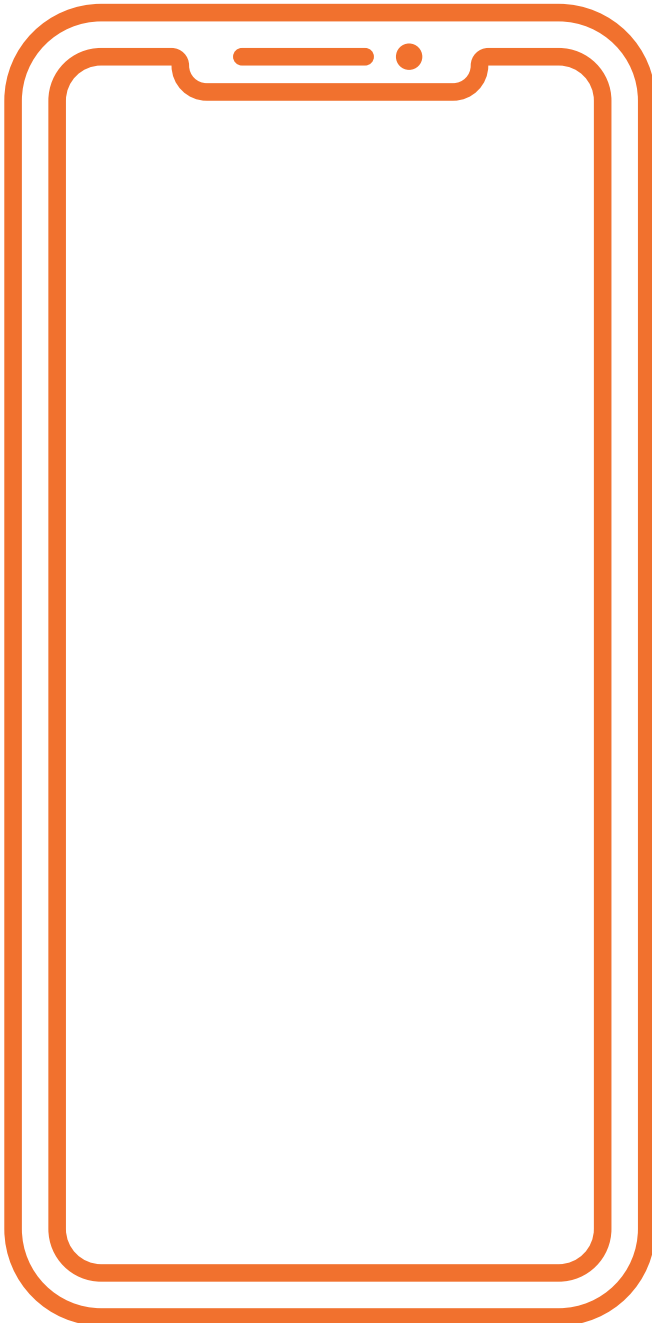

3.3 Challenge 1 Family Photo

Challenge 1: Family Portrait

Can you find at least five things the two portraits or pictures have in common?

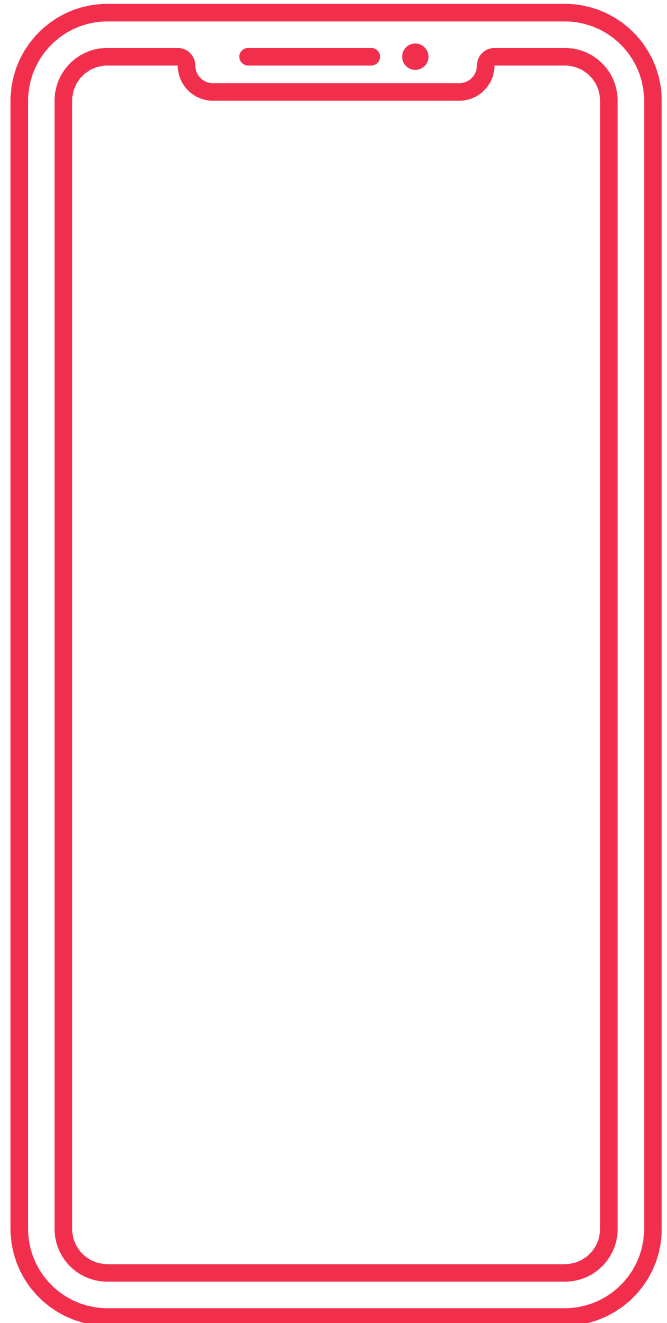

Write your answers below.

Challenge 2: Zoo Habitat

Watch the video. As you watch the video, think about these three things:

1. What is in their elephant habitat?
2. Are elephants alone or together with a group?
3. Is their habitat clean or messy?
