Take Action Project Picture Book

Name:

A.2 Parts of a Story

Directions: As you watch Caron describe the "arc" of a story or the parts a story answer these four questions:

1. What are the different events that happen in most stories?
2. What do characters want? How do they get it?
3. What happens to characters as they work towards their goal?
4. Do characters always get everything they want?

A.2 Plot Mountain

Directions: One way authors learn is by reading a wide variety of texts and studying other writers. Pick a story you loved and try to map out how that author created their story mountain. You will want to keep this visual in mind as you start to think about writing your own picture book.

Why do you think the "Plot Mountain" kept you reading or watching? How did you feel about the characters? Did you have empathy for any of the characters?
